

Tree planting at beaches of Lokron Municipality – Greece

On Thursday 13 March 2025 and Tuesday 18 March 2025, 150 tamarisk trees were planted along the beaches of Souvala and Skala Atalanti, of the Lokron Municipality – Greece with the participation of the local authorities.

Among the participants were the Mayor of Lokron, **Mr. Athanasios Zekentes**, the Metropolitan of Ethiotis, **Mr. Symeon**, Deputy Mayors, Community Presidents, Vice Presidents, the volunteer team “**Friends of Arkitsa**” and students from the **Primary School of Arkitsa** and the **Vocational Lyceum of Atalanti**.

The trees were sponsored by the “**Hellenic Plants**” nursery.

The tree plantings will be completed with respective actions at the Communities of **Malesina** and **Livanates**. In total, 200 tamarisk trees will be planted on the beaches of the Lokron Municipality.

These actions are intended to raise awareness among local communities about tree planting and REDD+ activities within the “**75UN-75 Trees UNAI SDG7**” initiative, launched by the Energy Policy and Development Centre (KEPA) of the National and Kapodistrian University of Athens (NKUA) Greece.
